25X1X

1. A Polish tank unit was stationed in Falkenburg (O 54/R 48) up to January 1950. It was quartered in the barracks NE of Falkenburg on the road to Tempelburg (O 54/E 68).

2. The unit moved into the barracks in early July 1949. The barracks had been previously occupied by tank units, which were **replaced** in late 1947 and the Summer of 1948, taking all their equipment with them.

3. [REDACTED] The unit was allegedly also equipped with tanks of another type. 25X1X

4. A soldier from the barracks mentioned Major Tiebelski as CO of the unit and Captain Bernstein as adjutant. 25X1X

Field Comment:

There were no barracks in and near Falkenburg up to 1945. The mentioned "barracks" NE of Falkenburg were probably the former Kroessinssee Ordensburg (Nazi party leaders' training school). The report is the first to state that Polish troops were quartered there. Confirmation by other sources is required.
